Kale S. Maxwell

678-430-6744 | kmaxwell41@gatech.edu | linkedin.com/in/kale-maxwell | U.S Citizen

EDUCATION

Georgia Institute of Technology | Atlanta, GA *August 2026 – Present*
Bachelor of Science in Computer Engineering, GPA 4.00 *Expected May 2029*

EXPERIENCE

Mathnasium | Lawrenceville, GA *August 2024 – August 2026*
Math Instructor

Mathnasium is a learning center for students K-12 to strengthen their math skills and build confidence via one-on-one and small group tutoring sessions.

- Improved math grades/SAT scores for ~90% of students within a semester by delivering personalized math tutoring to 25-30 students per week.
- Instructed 150+ students over the course of 2 years.
- Communicated detailed updates on student progress to parents after sessions, enabling adjustments to improve future sessions based on student needs.

PROJECTS

"ScamShield" | C#, WPF, Python *September 2026*
Software Developer

ScamShield is a live scam call detection tool that records phone calls in real time, transcribes audio via AssemblyAI, and analyzes the likelihood of the call being a scam as well as if the call is AI generated. Results are then sent to a web dashboard. Built in a team of four for HackGT 13.

- Developed a system tray application that auto-detects incoming WhatsApp calls from unknown numbers and begins recording and analysis without user intervention.
- Built a real-time audio pipeline that records microphone and system audio and sends 20-second chunks to AssemblyAI for speaker-labeled transcription.
- Analyzed conversations with Grok to generate a scam likelihood score, displaying a live popup window containing the reasons for the score and the recommended action.

“Eco-Anxiety” | Unity, C# *Fall 2024 – Spring 2025*
Game Developer

Eco-Anxiety is a first-person horror game where players must collect litter in a dark forest before a monster catches them. Developed in a team of four for the Games for Change 2024-2025 Student Challenge.

- Designed and implemented a home screen UI featuring rules display and access to the game, reducing player confusion and ensuring smooth game entry.
- Collaborated to develop and test 5+ different gameplay mechanics.

SKILLS

Languages: Java, C#, Python, JavaScript, HTML, CSS

Platforms/Tools: VS Code, Visual Studio, Git, GitHub, Unity, WPF, NAudio

Spoken Languages: English (native/fluent), Spanish (intermediate)

LEADERSHIP

National Honors Society | Officer *August 2024 – May 2026*

- Mobilized 50+ students to participate in various community service projects, such as park cleanups.
- Organized monthly meetings for 18 months with members to promote volunteering opportunities.

Spanish National Honors Society | Vice-President *August 2024 – May 2025*

- Tutored students in Spanish on a weekly basis during the school year.
- Led 8 meetings to promote Spanish events/culture to students.
